- 5. You may be prompted with a 'Permissions may be required' message, click OK. Download and run the application.
- 6. On the Install Creative Cloud section, click Continue.

7. You may be redirected back to the login screens in your browser. If you do, login again following the instructions from Step 2 and 3. Once logged in you should see this page

- 8. Navigate back to the 'Creative Cloud Installer' and click the 'Start Installing' button. Wait for the application to install.
- 9. Once the Creative Cloud Desktop application is installed you can use it to install any of the Adobe software we are licensed for.
